

Out of sight power

The Dell OptiPlex Micro and Mounting Solutions

The Dell OptiPlex Micro provides all the power your business needs with the versatility to explore less obtrusive - or even hidden - placement at your desk.

Today's modern workspaces can be limited, especially within schools, clinics and reception areas, making smaller desktops critical.

With six flexible mounting options and a 1.2 liter chassis, the Dell OptiPlex Micro is the perfect solution for any environment.

A dream for IT, OptiPlex offers the most versatile, manageable and secure desktops in the market complete with long lifecycles, easy deployment and tool-less serviceability.

Make room for what matters most

Keep your desktop off the desk, off the floor, and out of the way.

Dell OptiPlex Micro DVD-RW Enclosure

Mount your Micro under a table or on a wall while enjoying full optical drive access

Dell OptiPlex Micro Vertical Stand

Allows the Micro to be VESA mounted to select Dell E-Series displays

Big things come in small packages

Dell OptiPlex Micro with Dell OptiPlex Micro Vertical Stand and three Dell 24" UltraSharp InfinityEdge monitors

The Dell OptiPlex 7050 Micro delivers leading-edge technology with Intel® Core™ i7 processors, Intel® HD graphics, Intel® vPro™ technology, as well as support for up to three displays to enable increased productivity.

It is also the most secure commercial desktop ever, providing advanced authentication, encryption and malware protection with advanced Dell Data Protection (DDP) solutions and FIPS-certified self-encrypting hard drives. These tools allow end user collaboration and flexibility without risk.

The Dell OptiPlex 5050 Micro is powered for success with Intel® Core™ i7 processors, 2400MHz DDR4 memory, triple display support and numerous legacy ports for ample connectivity options.

The Dell OptiPlex 3050 Micro provides essential performance and best-in-class security with Intel® Core™ i5 processors, Intel®HD graphics, and dual monitor capabilities.

Dell OptiPlex Micro with Dell OptiPlex Micro All-in-One Stand

Systems feature best-in-class security with TCG-certified TPM for data protection and secure credential storage, as well as integration.

OptiPlex systems are the world's most manageable desktops, allowing more system management capabilities than competitors. The Dell Client Command Suite enables IT admins to download free tools that help streamline system deployment, monitoring and updating in complex IT environments.

All Dell OptiPlex Micro systems are ENERGY STAR 6.1 qualified and EPEAT registered, minimizing energy consumption while maximizing savings. Also, they use ULE-certified closed-loop plastics as part of Dell's Legacy of Good program.
